

Maximize

operational efficiency and reduce costs. Your business environment requires continuous uptime and complete functionality. Your current resources may not match your operational requirements – yet. Planit 3000 can accommodate your needs through proactive monthly onsite maintenance visits, unlimited help desk support, remote network administration, and more, so your business can thrive. Planit 3000 puts your company at the top of the priority queue – daily.

PLAN IT 3000 Solution

At a budgeted rate of \$3000/month, your people can focus on business critical long-term projects to boost your business, while BCS seamlessly provides your essential IT support. If you require more than 24 hours of free onsite labor, BCS will provide additional labor for our lowest rate of \$65/hour. Planit 3000 is an annual, low cost, fixed-fee service maintenance agreement billed on a monthly basis for your convenience.

Your Peace of Mind

Planit is a proactive, flexible, and cost-effective plan for your IT needs. With BCS as your dependable high-quality team dedicated to your IT infrastructure, you can drive your efforts toward your core business. How will this improve your bottom line? By eliminating the overhead costs of human resource commitments, and the expenses of network crashes and productivity downtime, BCS maintains your IT environment to be at its peak efficiency with maximum uptime.

About Planit

- Priority queuing applies to non-emergency service calls placed before noon.
- Software maintenance, including anti-virus programs, is performed over secure remote access or onsite. This includes major updates of software supported and installed by BCS.
- Travel charge is waived within the seven cities of Norfolk, Chesapeake, Virginia Beach, Suffolk, Newport News, Hampton, and Portsmouth.
- Planit 3000 program includes 24 hours of onsite labor per month; Planit 2000 program includes 16 hours of onsite labor per month; Planit 1000 includes 8 hours of onsite labor per month; Planit 500 includes 2 hours of onsite labor per month. Any unused hours will not be carried over to the next month.
- Additional onsite labor hours beyond what is included in the designated program will be offered at a discounted billable labor rate calculated from the base point of \$115. Please contact BCS for more information.
